RE: Appliance and Window Rebate Program

In the interest of promoting energy efficiency, the West Point Municipal Utility Board has established an appliance and window rebate program based on the following indicated schedule:

- 1) Energy Star Clothes Washer @ \$25.00 each
- 2) Energy Star Dish Washer @ \$25.00 each
- 3) Energy Star Refrigerator @ \$25.00 each
- 4) Energy Star Freezer @ \$25.00 each
- 5) Energy Star Room Air Conditioner @ \$25.00 each
- 6) Energy Star Electric Water Heater @ \$25.00 each
- 7) Energy Star Central Air Conditioner @ \$100.00 each
- 8) Energy Star Air-Source Heat Pump @ \$100.00 each
- 9) Energy Star Replacement Windows/Sash @ \$20.00 each
- 10) Energy Star Replacement Door @ \$20.00 each

This rebate program is available to both residential and business customers of the West Point Utility System.

Program Requirements:

- 1) The West Point Utility System must be the electric service provider for the residence or business requesting the rebate for the referenced appliance/window/door.
- 2) A maximum of one of each type of appliance and /or three room air conditioners per installed address.
- 3) A maximum of five doors and/or eight windows per installed address measuring at least eight square feet each.
- 4) A receipt must be submitted to the West Point Utility System within 90 days of purchase or installation
- 5) Rebate amounts cannot exceed the cost of the appliance/window/door.

The West Point Utility System energy efficiency rebate program is not affiliated with any other utility provider's rebate program (ie. Alliant Energy, Mid-American Energy, Access Energy)
